Managing major building projects in *places of worship*

The day deals with the management of all stages of a building project in a place of worship, from start up through to making sure benefits are achieved over the long term. Anyone involved in such an undertaking, of whatever size, will find it invaluable.

“For which of you, desiring to build a tower, does not first sit down and count the cost, whether he has enough to complete it? Otherwise, when he has laid a foundation and is not able to finish, all who see it begin to mock him saying, ‘This man began to build and was not able to finish.’”

Luke 14, 28-30

Fee £50. Discounts for multiple ticket purchases are available. Numbers are limited.
